Workshop Notice – R.02-01-011, Decision 03-05-034, Direct Access Switching Exemption

June 6, 2003
10 a.m.

California Public Utilities Commission
505 Van Ness Ave, Auditorium
(Corner of Van Ness Avenue and McAllister Street)
San Francisco

Decision 03-05-034 directs the Commission's Energy Division to convene a Rule 22 Working Group meeting within 30 days of the decision. The Rule 22 Working Group was originally established in 1997 during electric industry restructuring to provide a forum that allowed technical- and management-level staff from utilities, ESPs, and other industry participants to work together cooperatively to develop, refine, and implement the tariff rules and business practices necessary to support effective retail competition in the direct access market.

As directed by the Commission (D.03-05-034, mimeo, p. 12), this meeting of the Rule 22

Working Group shall:

address necessary implementation details associated with the switching rules adopted in the decision, as well as the process of notifying grandfathered DA customers concerning their options for returning to DA within a 45-day window period.

identify any unresolved implementation issues for which no consensus can be reached, and subsequently produce a report identifying such remaining issues so that the need for further hearings or other process to address remaining contested issues may be considered.

address the issue of developing a tariff-based solution--for those DA customers who return to bundled service--to provide repayment of an appropriate share of accrued Direct Access Cost Responsibility Surcharge undercollections.

Pursuant to Ordering Paragraph 8 of D.03-05-034, the PG&E, SCE and SDG&E shall jointly develop advice letters to implement tariff changes and implementation timing and details necessary to comply with the provisions of this order (including the recovery of undercollections). The draft advice letters will be circulated to the service list by the utilities on June 3rd. A more detailed draft agenda will also be circulated prior to the workshop.

This workshop is open to the public. Please address any questions regarding the workshop to Steve Roscow of the Commission's Energy Division, at (415) 703-1189 or by e-mail to (scr@cpuc.ca.gov).

Workshop Notice – Draft Resolution E--3711 (Electronic Billing)

June 12, 2003

10 am - noon

The workshop will begin at 10:00 a.m. and is expected to last until noon, but it may be extended into the afternoon, if necessary.

*California Public Utilities Commission
505 Van Ness Ave, Training Room
(Corner of Van Ness Avenue and McAllister Street)
San Francisco*

In view of the comments the Commission has received on the Draft Resolution E-3711 issued March 3, 2003 by the Energy Division, we are calling a workshop to discuss the extent and form of any consumer electronic billing.

We will focus on the electronic billing programs being proposed for residential and small commercial customer, and associated consumer protection measures. We will also ask for explanations of the current billing practices for direct access customers and core aggregators, and of any changes in those practices that are being considered by the public utility corporations.

Southern California Edison (Edison), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southwest Gas (Southwest) should bring proposals for implementing electronic billing, for any consumer protection measures that may be necessary or useful, and for resolving differences they may have with the recommendations set forth in Draft Resolution E-3711. Other parties may also bring proposals.

This workshop is open to all parties. If parties other than PG&E, Edison, SDG&E, and Southwest plan to attend and make proposals, they should contact Maurice Monson of the

Energy Division. Please address any questions on the workshop to Maurice Monson at (415) 703-3072 or by e-mail to (mdm@cpuc.ca.gov).

Pacific Bell Telephone Company (U 1001-C), for Arbitration with Pac-West Telecomm, Inc. (U 5266-C) pursuant to Section 252(b) of the Telecommunications Act of 1996

Summary: LATE FILED. ~~AUGMENTATION REQUIRED.~~ On May 5, 2003, John Sumpter, Vice President, Regulatory, for Pac-West Telecomm, Inc. (Pac-West), participated in an all-party meeting with Cmmr. Brown **in San Francisco**. Also present were Cmmr. Kennedy, Robert Wullenjohn and Peter Hanson, advisors to Cmmr. Brown, Jacqueline Reed, advisor to Cmmr. Wood, Lester Wong, advisor to Cmmr. Peevey, ALJ Jones, Theresa Cabral and James Tobin, counsel, Ethan Sprague, Director of Regulatory, and Mart McCann, Director of Interconnection, for Pac-West, and representatives for Pacific Bell Telephone Company (SBC), Verizon California Inc., CISPA, O1 Communications, and the Small Local Exchange Carriers: Calaveras Telephone Company, Cal-Ore Telephone Co., Citizens Telecommunications Company of the Golden State, Ducor Telephone Company, Evans Telephone Company, Foresthill Telephone Co., Pinnacles Telephone Co., The Ponderosa Telephone Co., Happy Valley Telephone Co., Hornitos Telephone Company, Kerman Telephone Co., Sierra Telephone Company, Inc., the Siskiyou Telephone Company, Volcano Telephone Company, and Winterhaven Telephone Company. Sumpter explained that the draft

decision of ALJ Ryerson upholds the status quo between the parties and would not harm SBC. Sumpter argued that the alternate, on the other hand, would harm rural ISPs and their end users who would be required to pay higher rates. Sumpter noted that, additionally, SBC would be unfairly advantaged by receiving compensation on originating local calls. Sumpter also advocated that the Commission pursue the requirement established in D99-09-029 and continue the proceeding to evaluate the issues associated with intercarrier compensation for virtual NXX local traffic.

5/22/03 A98-07-003 Pacific Gas and Electric Company, for verification, consolidation, and approval of costs and revenues in the Transition Revenue Account.

Summary: On May 19, 2003, Sabrina Chaw, Senior Regulatory Representative, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Aaron Johnson, advisor to Cmmr. Lynch, in San Francisco. Also present was Mark Huffman, Attorney, PG&E. Huffman stated that prior to January 1, 2003, direct access (DA) customers were paid a credit that represented a proxy for the cost of power in bundled rates. Huffman added that the bundled rate included a one-cent surcharge, but not the three-cent surcharge. Huffman explained that once the Commission implemented the three-cent surcharge for bundled customers, but not for DA customers, the handling of the costs for both types of customers diverged. Huffman stated that starting on January 1, 2003, the generation component in bundled rates plus the 2.7-cent surcharge should cover the DA costs of the Department of Water Resources power and the DA customer's appropriate share of CTC.

Summary: On May 19, 2003, Sabrina Chaw, Senior Regulatory Representative, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Manuel Ramirez, advisor to Cmmr. Wood, in San Francisco. Also present was Mark Huffman, Attorney, PG&E. Huffman stated that there was nothing in evidence in the 1999 RAP proceeding that there was a problem with the Power Exchange (PX) credit, and that PG&E cooperated fully in addressing the issue. Huffman added that in an ALJ ruling on the matter, the PX credit was addressed, but no audit ordered. Regarding tracking of direct access (DA) costs in excess of cost-of-service rates, Huffman noted that the Commission has not yet decided on what costs are considered undercollected. Huffman suggested that PG&E first investigate whether it was possible to track DA and bundled customer revenues separated, and calculate what the surcharge revenue would have been from the beginning of the transition period to now in order to address the issue of how much bundled customers are paying in excess of rates. Huffman recommended that the Commission wait until the results of PG&E's POR is known before tracking such revenues.

5/27/03 A98-07-003 Pacific Gas and Electric Company, for verification, consolidation, and approval of costs and revenues in the Transition Revenue Account.

Summary: LATE FILED. On May 19, 2003, Mona Petrochko of Constellation NewEnergy met with Lynne McGhee, advisor to Cmmr. Kennedy, in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, Rebecca Schlanert of electricAmerica, Roger Curtis of Macy's West and Daniel Douglass, counsel to the Alliance for Retail Energy Markets (collectively, Parties). Written materials (attached to the notice) were used. Also used were copies of the documents previously filed with the Commission. The Parties indicated that the Commission should continue to direct an audit of the Power Exchange (PX) credit provided by Pacific Gas and Electric Company (PG&E). The Parties noted that PG&E has used a vastly disparate method of calculating the credit, causing direct access customers and the ESPs to have even less ability to audit than they did before, when the PX was still in existence.
